

# ZZUtils

## Purchase or Lease

**ZZUtils** version 2 for MVS is available for purchase or lease via

- Internet: Complete and submit the on-line form at [www.ZZUtils.com/purchase.html](http://www.ZZUtils.com/purchase.html)
- Snail mail: Download the order form at [www.ZZUtils.com/download.html](http://www.ZZUtils.com/download.html) and submit it to

LEN CONSULTING LLC  
9130 Nolan Street, Suite 297  
Elk Grove, CA 95758-7540

The purchase price includes

- A perpetual, non-exclusive license to use the software at the supplied version and release.
- One year of technical support (via telephone and/or e-mail)
- One year of updates and enhancements
- One day of on-site support (½ day for installation & customization, ½ day of training) (North American customers only. Special arrangements are available for international customers.)

## Purchase Options

- If scheduled to coincide with the on-site support, a discount of 20% will be applied to any courses purchased from LEN CONSULTING LLC.
- Additional years of technical support and software enhancements may be purchased at the cost of 10% of the then-current list price. A maintenance contract entitles your organization to all versions, releases, and system maintenance levels released during the contract period.

## Lease Option

**ZZUtils** may be leased on an annual basis. A lease agreement includes

- A non-exclusive license to use the software at the supplied version and release for a 12-month period
- All updates and enhancements (new versions, releases, and system maintenance levels) released during the contract period
- Technical support (via telephone and/or e-mail) during the contract period

A lease must be renewed annually. If not renewed, the lease will expire and the software will cease to function. An option to convert the lease into a purchase may be executed the end of any lease term. Contact LEN CONSULTING LLC for more information.

## Legal

Payment entitles your organization to a non-exclusive license to the use of the software. By installing the software you indicate acceptance of the license agreement, and are bound by its terms. Please refer to the license agreement for more details.

## Site Licenses

A license is issued to an organization, typically defined by a specific mailing address. There are no limits on the number of users/developers, the number of application systems and environments (i. e. FUSER files), nor the number of CPUs being supported by a single **ZZUtils** license at that location, so long as all applications and environments are owned by the licensee.

Site licenses are available to commercial data centers, government operations which support multiple agencies, and distributed organizations with multiple development centers. Contact LEN CONSULTING LLC for more information.

## Payment

Three forms of payment are acceptable: bank transfer, credit card (via PayPal), and cheque (drawn from a US bank). Use of bank draft or credit card will expedite the process. Several discounts may be applicable - refer to the chart below. Surcharges will be imposed for the use of PayPal and shipping & handling.

## Shipment/Charges

E-mail is the standard form of shipment - a zipped file approximately 1Mb in size is attached. Optionally, a diskette may be ordered, at an additional cost.

Contact LEN CONSULTING LLC prior to sending payment - you may be entitled to one or more discounts. All prices are listed in US funds. (Canadian organizations may consider all prices to be listed in Canadian dollars.)

## Sales Tax

Orders shipped outside the state of California are not subject to state sales tax. Orders shipped electronically to organizations within the state of California are not subject to California state sales tax. Orders shipped via diskette to organizations within the state of California are subject to state sales tax.
